POLITICAL DEPARTMENT.

NOTIFICATION

Ootacamund, August 31, 1915.

No. 16.—The following notification of the Government of India is republished :—

FOREIGN AND POLITICAL DEPARTMENT.

NOTIFICATION.

Simla, the 10th August 1915.

No. 1367-G.—With reference to the notification of the Government of India in the Foreign Department, No. 1808-G., dated the 29th July 1910, the following revised section of the Political Department Memorial Rules is published for general information :—

II.—MEMORIALS, WHO, ADDRESSED TO HIS MAJESTY THE KING-EMPEROR OF INDIA, OR TO THE SECRETARY OF STATE FOR INDIA.

1 Every memorial must be submitted to the Political Officer of the State within whose jurisdiction the subject matter has arisen, accompanied by a copy of the order appealed against and by a letter requesting its transmission to the authority to which it is addressed.

2. Memorials may be transmitted either in manuscript or in print, but must, with all accompanying documents, be properly authenticated by the signature of the memorialist on each sheet.

3. Subject to the exceptions hereinafter contained, every memorial received which conforms to the above rules should be forwarded by the Political Officer through the usual official channel with a concise statement of material facts, and, unless there be special reasons to the contrary, an expression of opinion.

4. Memorials, together with their accompanying documents, should be in English. If the accompanying documents must necessarily be forwarded in the vernacular, an English translation should be appended, which should be attested by the signature of the memorialist on each sheet.

N.B.—The transmitting officer should examine such translations, and if they are found to be incorrect or faulty, notice the fact in sending on the memorial.

5. Every memorial should be accompanied by copies of all the orders passed in the case by the authorities who have dealt with it in India.

6. Local Governments, Administrations, and Political * Officers in direct subordination to the Foreign and Political Department of the Government of India are vested with discretionary power to withhold memorials addressed to His Majesty or to the Secretary of State in the following cases:—

(1) When the memorial is illegible or unintelligible.

(2) When the memorial contains language which, in the opinion of the authority who would otherwise forward it, is disloyal, disrespectful, or in improper.

(3) When a previous petition of the memorialist (which term includes a rejoinder submitted by the memorialist in answer to a previous petition of some other party) has been disposed of by the Secretary of State, and the petition discloses no new facts or circumstances which afford grounds for a reconsideration of the case.

(4) When the memorialist has not previously appealed to the Government of India (or the Government of Madras, Bombay or Bengal, as the case may be) and received the decision of the Governor-General (or Governor) in Council upon it.

(5) When the memorial is an appeal preferred more than six months after the date on which the memorialist was informed of the orders against which he appeals, provided that the Local Government, Administration, or Political Officer, as the case may be, may, at their or his discretion, extend the period to twelve months, if the delay will facilitate a settlement of the dispute, or other good cause is shown.

(6) When the memorial refers to matters in which the memorialist is not personally interested.

(7) When the memorial is in effect an appeal in a boundary case between Native States in which the decision, original or appellate, of the Political Officer, has been passed after enquiry on the spot and confirmed on appeal by the Local Government, Local Administration or the Government of India, as the case may be.

(8) Cases which turn entirely on questions of fact, where the Political Officer and Local Government or Local Administration are in agreement.

7. Provided they do not contravene the conditions specified in the preceding section memorials which are appeals against orders passed by the Governor-General in Council (or Governor in Council in Madras, Bombay or Bengal, as the case may be) in the exercise of political control in territories not included in British India, shall be forwarded, except in the following cases in which a discretionary power to withhold the memorials may be exercised:—

†(1) When the order appealed against has been passed by the Government of India, Madras, Bombay or Bengal (as the case may be), as a recognised Court of Appeal in regard to a judgment or order of any Court of civil or criminal jurisdiction established or continued by the Governor-General in Council in such territories.

(2) When the order appealed against is a mere refusal to exercise political control in regard to a judgment or order of any special Court established by the Governor-General in Council in such territories, from which Court there is, by its constitution, no appeal, though a general political control over it is declared or understood to exist.

(3) When the order appealed against is a mere refusal to interfere in a matter of purely internal policy with the action or orders of the Ruler of a Native State, of which the memorialist is a subject: provided that the State is one in which it is not customary for the British Government to intervene in matters of internal policy, and that the matter complained of does not disclose a state of misrule so gross that the Paramount Power would be called upon to interfere.

N.B.—This rule applies to a temporary Administration established in a Native State by the Governor-General in Council when the temporary Administration is appointed to exercise the same powers and occupy the same position as the Native Administration which it supersedes.

‡ *E.g.*, petitions from Government servants about dismissal, pensions, etc.

8. Memorials from persons, ‡ in such territories which are not covered by these rules, may be treated under the memorial rules of the Home Department when they are applicable.

9. The following special rules apply to the case of appeals against the orders of the Government of Bombay:—

(1) In the following cases the decision of the Local Government shall ordinarily be considered as final, an appeal to the Secretary of State for India only being admissible with the permission of the Local Government, which should be previously obtained:—

(*a*) Girasi cases in States of classes I to IV in Kathiawar, which would have been tried by the Rajasthanik Court when it existed, but are now tried by the States Huzur Courts from whose decision an appeal lies to the Agency and to the Local Government.

(*b*) Girasi cases in States below class IV, in which the decision of the Agent to the Governor, Kathiawar, is at present final under the rules sanctioned in Government Resolution No. 6541, dated the 14th November, 1898, subject to the general political control of the Local Government.

(*c*) Cutch Judges Court cases.

* Political Officers who are not heads of Local Administrations may not exercise discretionary power to withhold memorials of the kind referred to in clauses (7) and (8) of rule 6.

† *Note to rule 7 (1) of section I and II*—Memorials which are practically appeals for mercy or pardon must be transmitted. But their transmission will not affect the discretion in regard to capital sentences allowed to Local Governments and Administrations by the Home Department Resolution No. 20-1403-12, dated the 16th October, 1884, as modified by Foreign Department Circular letter No. 3289-1. E., dated the 20th August 1891.

(2) Memorialists who desire to appeal against the orders of the Government of Bombay, in political cases shall have the option of addressing such appeals either to the Government of India or to the Secretary of State and such appeal shall be forwarded subject to the provisions of rules 6 and 7. When in the exercise of this option an appeal has been presented to the Government of India, no further appeal shall lie to the Secretary of State. This rule shall not apply to—

(a) appeals in Sirkar cases or in those which are specially covered by any of the foregoing rules;

(b) memorials of the class specially reserved in rule IV of the rules published with Home Department Notification No. 144 (Public), dated the 10th January 1905;

(c) memorials which involve questions affecting the status, dignity or powers of a Ruling Chief or his relations with the Paramount Power (including questions of succession or adoption) and with other Chiefs.

(SEPARATE REVENUE—ASSESSED TAXES—INCOME TAX.)

No. 1267-F.

Simla, the 11th August 1915.

RESOLUTION—By the Government of India, Finance Department.

At a meeting of the Imperial Legislative Council held on the 24th of January 1914, the Hon'ble Mr. Rama Rayaningar moved a Resolution recommending that local Governments should be consulted as to the desirability of establishing Advisory Boards composed of non official gentlemen nominated by the revenue heads of districts to assist officials in assessing income tax. After some discussion, in the course of which certain *prima facie* objections to the policy advocated by the Honourable Mover were stated, the Resolution was accepted on the ground that it was advisable to ascertain local Governments and through them public opinion as to the practicability and expediency of adopting the proposed method of assessment.

2. The Government of India have now received the views of all local Governments and Administrations on the subject, and it is found that the proposal has been widely canvassed and unhesitatingly condemned by practically all who were consulted. The general conclusion arrived at is that the creation of formal Advisory Boards would not improve the accuracy of assessment and would tend to make the tax more unpopular.

3. The objections advanced by local Governments and the public bodies and individuals whom they consulted confirm generally the criticism to which the proposal was subjected in the discussion in the Imperial Legislative Council. The more important arguments are summarised below :—

I. It is widely felt that business men would have the strongest objection to the disclosure of their accounts, and consequently of important information regarding their financial credit and methods of business, to a Board composed of their neighbours and possibly including trade rivals. It is an accepted principle of Income Tax law that information of this kind, while necessary for purposes of assessment, should be regarded as absolutely confidential as between the State and the taxpayer, and the maintenance of this principle would be seriously endangered by the proposed system of assessment.

II. The principal utility of the proposed Boards would by hypothesis lie in their local and personal knowledge. It would therefore be necessary to appoint a special Board in each area of assessment and the authorities consulted anticipate the utmost difficulty in obtaining men possessing the requisite standing and sense of public responsibility. This difficulty would be specially great in rural areas. It is also urged that apart from other considerations the frequent prevalence of local factions would enhance the difficulty of securing a Board which would command the confidence both of Government and the assessees.

III. The proposed Advisory Boards would be exposed to conflicting influences, the sense of their duty to the Government on the one hand and, on the other, pressure implied or expressed on the part of the assessees, with many of whom they would necessarily have some personal or business relations. The position would be most difficult to sustain, and it is generally believed that qualified men would be reluctant to undertake the task.

IV. It is represented that private individuals are often found by experience to be unwilling to take the responsibility of tendering advice in a formal and public way, and that influential and representative citizens who may at present be relied upon to give the Collector of Income Tax the benefit of their personal knowledge would thus be of diminished utility if identified with membership of an official committee.

V. The introduction of Advisory Boards would tend to weaken the sense of responsibility of the official Income Tax Collector. The duties which he performs are necessarily of an inquisitorial and somewhat distasteful nature, and it would not be an altogether unnatural result if he should display a tendency to throw as much responsibility as possible on the shoulders of the Advisory Boards.

4. These opinions appear to the Government of India to be conclusive and they do not therefore propose to take any further steps in the direction of requiring local Governments to constitute formal Advisory Boards for the assessment of the tax.

5. The Government of India, however, do not desire to interfere with the existing practice by which non-official agency is widely employed in an informal manner in connection with income tax assessments. It appears from the recent correspondence with local Governments that in every province the assessing officer is required to seek information from persons likely to be acquainted with the circumstances of those already on the assessment roll, or who might be brought on it. In towns, municipal commissioners and leading representatives of the different communities and of commercial and industrial interests, are consulted; and in rural areas, headmen, zaildars, and village panchayats where these exist. In one or two provinces small committees consisting of influential citizens, representative traders and manufacturers, are *informally* associated with Government officials in the work of assessment. The information thus collected is recorded confidentially by the Government assessing officer, and a further feature of the arrangements generally obtaining is that in each case efforts are made to obtain information from a number of independent sources with the object of correcting or

eliminating as far as possible biassed or inaccurate statements. Or, again, where questions of accounts are concerned, the assessee may be permitted, if he so desires, to have his books examined by a non-official commission and care is taken to select for such commissions gentlemen well qualified by their knowledge of business, their familiarity with systems of accounts and by a reputation for trustworthiness.

These expedients are legitimate and suitable and it is understood that they have proved of material assistance in the work of assessing the tax. The matter, however, is one with which Provincial Governments are competent to deal, and it is unnecessary for the Government of India to do more than indicate their general approval of the methods employed, leaving it to local Governments to maintain and develop the existing procedure on practical lines suited to the varying circumstances of the communities with whom the assessing officer has to deal.

REVENUE NOTIFICATIONS.

NOTIFICATIONS.

In exercise of the powers conferred by section 76 of the Sea Customs Act, VIII of 1878, and in supersession of all previous orders on the subject, the Chief Customs authority is pleased to make the following rules regulating the landing and shipping of passengers' baggage and passing of the same through the Custom-house,

1. Passengers' baggage may be landed or shipped at any time between the hours of sunrise and sunset. All baggage, except such as arrives from any British port in India, must be brought to the Custom-house for examination and assessment of duty. For the convenience of passengers, a Customs officer will be in attendance on the arrival of steamers at any hour between sunrise and sunset to clear at once all baggage, dutiable or free, whenever due notice of arrival has been received. At the port of Madras a baggage officer will attend and deal with all packages that can be easily opened. Packages that are soldered or roiled down will be taken to the Dutiable Import-shed.

2. The baggage officer may at his discretion require the master of a vessel to furnish a list of passengers. The master shall also be required to furnish a list of any unaccompanied baggage carried by the vessel. Such baggage may only be passed at the Custom-house.

3. Baggage is only to be passed after actual examination. No formal entry under section 36 of the Sea Customs Act is required, but the owner or his agent must fill up an application in form A attached, and the description and value of all dutiable goods must be given separately and correctly in the form. All articles on which a claim for exemption is made shall be shown in the declaration, and the grounds for exemption stated in the last column. The baggage officer may pass such articles provided that there are authenticated documents in each case substantiating the claim. In all other cases the passenger should be referred to the Customs Collector, with the option, should he wish to remove the article at once, of paying the duty and applying for refund afterwards.

4. Any article on which duty is proved to have been previously paid on its importation into India is exempt provided that the article is for private personal use, and not merchandise for sale; that not more than three years have elapsed since it was taken out of India; that it remains the property of the owner who exported it or of a member of his family; that it is reimported unchanged in form and condition except to the extent of reasonable repairs; and that no drawback was allowed upon the article at the time of exportation. Articles produced or manufactured in British India are also exempt, provided that not more than three years have elapsed since they were taken out of India, and that the property continues in the person by whom or on whose account they were exported.

5. After the goods have been duly examined and duty collected a receipt in form B, for the duty paid, will be immediately granted to the passenger. The receipt will contain full particulars necessary for identification of arms and other articles liable to duty and likely to be re-imported, whether duty be levied or not, and in the case of any on which duty is not levied a note explaining the reasons.

Fire arms of every description will be carefully examined.

6. Arms and ammunition which are the property of Government are entitled to free entry. Such arms and ammunition are frequently imported by officers or men of the same army returning to India from Hongkong or elsewhere on duty; and may be passed free by the baggage officer, if he has no reason to doubt that such arms and ammunition are the property of Government, and that they are imported by the passengers concerned in the course of their duty.

Arms and ammunition not being the property of Government, and carried by officers or men on duty may be passed free, when they fall under the conditions of exception II to schedule II of the Indian Tariff Act.

Rifles of regulation military pattern and parts and appurtenances thereof, as well as ammunition for the same may be passed free when imported direct by an officer of His Majesty's regular forces serving in India for his own use; provided that under the regulations and orders for the time being in force the officer is required to maintain the articles in question for the performance of his military duty.

Any regimental British Officer or member of a Volunteer Corps or Staff Sergeant, or Warrant Officer of British Units of the Army, including Instructors of Volunteer Corps may import, on payment of duty, one single barrel ·303 rifle for match-shooting purposes, provided it is sighted to over 1,000 yards, and that a rifle so imported is to form part of the equipment of the corps to which the importer belongs. For this purpose the owner shall at the time of import produce a certificate from his Commanding Officer, to the effect that the weapon in question will be brought on to the equipment ledger of his corps.

Except in the case described above rifles of ·303 and ·450 bores are not permitted to be imported. Such weapons shall only be passed by the baggage officer when he is clearly satisfied that the above conditions are fulfilled, and in all other cases shall be sent to the Custom-house.

Military officers, whether in military or civil employment, may be allowed to pass free equipment swords, and either a revolver or a pair of pistols as part of their equipment.

Guns, pistols, swords, knives or other arms imported by an officer or soldier of the Native Army on private property may be passed only when covered by a license from the Commanding Officer of the Regiment to which the officer or soldier belongs. Duty is leviable upon such weapons except when brought from a Customs port.

In all cases in which arms or ammunition are imported the name, rank, position, and address of the passenger shall be noted under his signature upon foil and counterfoil of the baggage receipt form in addition to the particulars required under rule 5.

7. Article 41 of schedule IV of the Tariff admits apparatus and appliances and parts thereof free when imported by a passenger as part of his personal baggage, and in actual use by him in exercise of his profession or calling. Theatrical paraphernalia may be admitted free under this article, provided that the goods fall under the conditions specified therein, and in any orders issued from time

to time by the Government of India. The examination of theatrical paraphernalia may be conducted on the importer's premises under suitable precautions.

8. The personal baggage of Ruling Chiefs who are entitled to be called "His Highness" and of others whose permanent salute is not less than 18 guns will be passed free of duty. Chiefs of the latter class are further entitled to import free of customs duty articles intended for their personal use when they are not travelling.

9. Samples imported by commercial travellers are not to be passed as baggage. Such travellers must file a Bill of Entry correctly specifying and valuing each description of articles imported, and duty will be collected accordingly. Free entry may, however, be allowed to commercial samples not intended for sale which have once paid duty, and to samples brought by commercial travellers from the United Kingdom into British India for use as models and patterns for the purpose of obtaining orders, and not for sale, and *vice versa*, under separate orders of which a copy will be furnished on application.

10. Personal effects, etc., brought in by sea-line must be brought to the Custom-house, examined and passed as other baggage. In the case of these passengers' and also in the case of Indian and Oriental passengers who do not know English the declaration form need not be filled up but the baggage officers shall ascertain by enquiry or examination what dutiable articles the baggage contains and shall enter the same in the receipts to be issued under rule 6. The baggage of such passengers shall be more strictly examined than that of others. A reasonable amount of provisions or sugar for use on the journey may be passed free of duty.

11. The baggage officer shall forward the duty collected with a statement in form C accompanied by his receipt book and the passengers' baggage declarations to the Customs Collector who shall compare the items in the statement with the foils of the receipts issued and the baggage declarations and countersign the statement and forward it with the cash for credit.

APPENDIX A.

RULES FOR EXEMPTION FROM THE PAYMENT OF CUSTOMS DUTY OF REIMPORTED COMMERCIAL SAMPLES NOT INTENDED FOR SALE, PUBLISHED IN NOTIFICATION OF THE GOVERNMENT OF INDIA, COMMERCE AND INDUSTRY, No. 8595-82, DATED 8TH OCTOBER 1907.

1. Samples of goods, not intended for sale, reimported by commercial travellers into British India shall be passed free of duty, provided that the Collector of Customs at the port of reimportation is satisfied—

(i) that duty was paid on first import;
(ii) of the identity of the articles;
(iii) that no drawback was paid on export;
(iv) that the ownership in the articles has not changed since its first import; and
(v) that no more than six months have passed since the articles were exported.

2. In order to be able to claim the benefit of this concession, commercial travellers must observe the following procedure:—

(1) When the samples are first imported into British India, commercial travellers will be required to produce to the Collector of Customs a certificate or letter of identity from their principals or otherwise satisfy the Collector of their eligibility for the concession. An invoice in duplicate, showing each article in detail, should be filed at the Custom-house. The original will be retained by the Customs authorities. Each page of the duplicate will be stamped with the Custom-house seal, and will be endorsed over the signature of a Customs officer, with a reference to the Bill of Entry on which the samples were assessed to duty. It will be returned together with a certified copy of the Bill of Entry to the travellers.

(2) The certified copy of the Bill of Entry must, on each occasion on which the samples are exported from a port in British India, to a foreign port, be produced to the Customs Collector of the port of export, who will endorse, after such examination of the samples as he may think necessary, the copy of the Bill of Entry with a certificate that no drawback had been paid, together with the date of exportation. On re-importation from a foreign port the Bill of Entry must similarly be produced to the Collector of Customs, who will endorse, after such examination of the samples as he may think necessary, the date of re-importation of the Bill of Entry.

3. When the samples are finally exported under claim of drawback a certificate of examination shall be recorded on the certified copy of the Bill of Entry by a Customs officer after verification of the necessary particulars in regard to the identification of the articles and payment of duty. The certified copy of the Bill of Entry and the duplicate copy of the invoice shall be forwarded to the port of first importation.

APPENDIX B

RULES FOR EXEMPTION FROM THE PAYMENT OF CUSTOMS DUTY OF SAMPLES BROUGHT BY COMMERCIAL TRAVELLERS FROM THE UNITED KINGDOM INTO BRITISH INDIA FOR USE AS MODELS AND PATTERNS FOR THE PURPOSE OF OBTAINING ORDERS, AND NOT FOR SALE, AND *vice versa*, PUBLISHED IN NOTIFICATION OF THE GOVERNMENT OF INDIA, COMMERCE AND INDUSTRY, No. 5843-5864-23, DATED 8TH AUGUST 1909.

His Majesty's Government and the Government of India have recently had under their consideration the question of facilitating the clearance through the Customs Department of samples brought by commercial travellers from the United Kingdom into British India, for use as models and patterns for the purpose of obtaining orders, and not for sale, and *vice versa*, and it has been decided that articles

liable to duty serving as patterns or samples imported into the one country by commercial travellers from the other will be admitted free of duty, subject to the observance of the following regulations.

REGULATIONS GOVERNING THE ADMISSION INTO BRITISH INDIA OF SAMPLES AND PATTERNS BROUGHT BY COMMERCIAL TRAVELLERS FROM THE UNITED KINGDOM.

2 (1) On the production by a commercial traveller of a list or declaration containing a full description of every sample brought by him, officially attested by the Customs authorities in the United Kingdom, examination of the samples may be limited to ascertaining that they are fully enumerated on the list produced.

(2) The list referred to in the preceding sub-paragraph is to be utilized in assessing the duty chargeable on the samples. A deposit of the duty is required before delivery of the samples, or alternatively a bond (with sufficient security) for the amount thereof may be accepted instead of a cash deposit.

(3) If the commercial traveller is unprovided with the list referred to in sub-paragraph (1), he may be required to produce before the Collector of Customs a certificate or letter of identity from his principals, or otherwise satisfy the Collector of his eligibility for the concession. If the Collector is satisfied on this point, a list will be compiled by the commercial traveller giving a full description of every sample sufficient for identification and assessment of the duty chargeable thereon. The duty will be deposited or security given as set out in the preceding sub-paragraph.

(4) Should the samples bear the marks, stamps or seals of the country of exportation, no additional marks or seals for purposes of identification need, as a rule, be affixed by officers of the Customs Department. Contrariwise, if the samples on importation bear no seals, they are to be marked or sealed for future identification, should such a course be deemed necessary by the Customs officers at the port of arrival.

(5) The list of the samples, whether that produced by the commercial traveller or that compiled at the port of arrival, will be signed and dated by the officers at the port or place of importation, who will affix to the list a statement bearing the official seal or stamp and showing—

(*a*) The name of the port at which the samples are imported and the amount of duty chargeable on the patterns or samples; also, whether it was deposited in money, or whether security was given.

(*b*) The marks, if any, that have been applied to the patterns or samples.

(*c*) The date upon which the amount of duty deposited will be carried to the public account or the amount recovered under the security given, unless it is proved that the patterns or samples have been previously re-exported or placed in bond. This date is to be not later than twelve months from that upon which the samples were brought into the country.

No charge is to be made for the document issued or certified by the Customs officers or for marking for identification.

(d) The production of the list referred to in sub-paragraph (1) will not be required in the case of patterns or samples not liable to duty, and the examination of packages containing such patterns or samples will be restricted to ascertaining that no dutiable articles are contained therein and that the goods produced are *bona fide* samples.

All samples of no commercial value are entitled to free entry.

Exportation of imported samples.

(7) Patterns and samples of dutiable articles may be produced to the Customs officers at any port in British India for examination prior to exportation. (Non-dutiable samples are not required to be produced on shipment.)

(8) To obtain the return of the deposit made on entry of the patterns or samples, or the cancellation of the bond entered into, the commercial traveller is required to produce with his samples the list thereof, signed by the officers at the port of arrival. Provided that the time allowed for production [see sub-paragraph 5 (*c*)] has not been exceeded, and the Customs officers are satisfied that the goods as produced are identical with those enumerated on the list, the amount of duty originally deposited will be refunded. The list is to be noted as to the exportation of the samples, the statement referred to in sub-paragraph 5 being retained.

(9) The statement is to be transmitted, with a certificate of exportation of the samples, to the Collector at the port of importation with the object of having an adjustment of accounts effected, where a deposit has been made, or the bond cancelled, as the case may be.

REGULATIONS GOVERNING THE EXPORTATION OF SAMPLES AND PATTERNS, DUTIABLE OR NON-DUTIABLE, BY COMMERCIAL TRAVELLERS PROCEEDING FROM INDIA TO THE UNITED KINGDOM.

3. (1) Commercial travellers proceeding to the United Kingdom on business may have their samples sealed and the list thereof officially certified by officers of the Customs Department under the following regulations.

(2) The firm or firms concerned will produce at the Custom House the samples with a list in duplicate containing a full description thereof including quantity and value, and apply to the Collector of Customs for examination of the goods.

In cases where examination and sealing of samples is desired at private premises an application to that effect must be made to the Collector of Customs concerned. The expenses of the Customs officer's attendance for such examination are to be borne by the applicants.

(3) The Collector of Customs, after verifying the list by a comparison with the samples, will have the latter officially sealed or marked, as may be most convenient, And will sign the duplicate list and stamp it with the Custom House seal. This will be returned to the owners of the goods and the original list will be retained for future reference. In regard to the value stated on the list a formal declaration by the commercial traveller or by one of the firms concerned may be required if such is considered necessary.

(4) The sealed or marked samples and the certified list must be produced again at the time of shipment to the Customs authorities, who will note on the list that the goods specified therein have actually been shipped.

REGULATIONS PRESCRIBED BY HIS MAJESTY'S COMMISSIONERS OF CUSTOMS AND EXCISE FOR THE ADMISSION INTO THE UNITED KINGDOM OF SAMPLES AND PATTERNS TAKEN BY COMMERCIAL TRAVELLERS FROM INDIA AND CERTAIN OTHER COUNTRIES.

Dutiable articles.

4. (1) Articles liable to duty serving as patterns or samples introduced into the United Kingdom by commercial travellers of the several countries enumerated below are to be admitted free of duty, subject to observance of the following regulations.

(2) On the production by the commercial traveller of a list or declaration containing a description of the samples brought by him, officially attested by the proper authority in the country of exportation, examination of the samples may be limited to ascertaining that they are fully enumerated on the list produced.

(3) The list referred to in the preceding sub-paragraph is to be utilised in assessing the duty chargeable on the samples. A deposit of the duty is to be required before delivery of the samples, or alternatively bond for the amount thereof may be accepted instead of a cash deposit.

(4) If the commercial traveller is unprovided with the list referred to in sub-paragraph 2, a list is to be compiled giving a description of the samples sufficient for identification and assessment of the duty chargeable thereon. The duty may be deposited or security given as set out in the preceding sub-paragraph.

(5) Should the samples bear the marks, stamps or seals of the country of exportation, no additional marks or seals for purposes of identification need, as a rule, be affixed by officers of this department. Contrariwise, if the samples on importation bear no seals, they are to be marked or sealed for future identification, should such a course be deemed necessary by the officers at the port of arrival.

(6) The list of the samples, whether that produced by the commercial traveller or that compiled at the port of arrival, will be signed and dated by the officers at the port or place of importation, who will affix to the list a statement bearing an official seal or stamp and showing—

(a) The name of the port at which the samples are imported and the amount of duty chargeable on the patterns or samples; also, whether it was deposited in money, or whether security was given.

(b) The marks, if any, that have been applied to the patterns or samples.

(c) The date upon which the amount of duty deposited will be carried to the public account, or the amount recovered under the security given unless it is proved that the patterns or samples have been previously re-exported or placed in bond. This date is to be not later than 12 months from that upon which the samples were brought into the country.

No charge is to be made for the document issued or certified by the officers or for marking for identification.

Non-dutiable articles.

(a) Gold and silver plate liable to assay.

(7) The foregoing regulations will also apply to all patterns or samples of plate:—The deposit to be made or security given is to be approximately equal to the amount of duty formerly chargeable on such articles, viz:—Gold 17s., and silver 1s. 6d. the oz. troy.

(b) Other articles.

(8) The production of the list referred to in sub-paragraph 2 will not be required in the case of patterns or samples not liable to duty, and the examination of packages containing such patterns or samples will be restricted to ascertaining that no dutiable articles are therein contained and that the goods produced are *bona fide* samples.

Exportation of imported samples.

(9) Patterns and samples of dutiable articles and of plate may be produced to the Customs officers at any port in the United Kingdom for examination prior to exportation. (Non-dutiable samples are not required to be produced on shipment).

(10) To obtain the return of the deposit made on entry of the patterns or samples, or the cancellation of the bond entered into, the commercial traveller is required to produce with the samples the list thereof, signed by the officers at the port of arrival. Provided that the time allowed for production [see sub-paragraph 6 (c)], has not been exceeded, and the officers are satisfied that the goods as produced are identical with those enumerated on the list, the amount of duty originally deposited may be refunded forthwith. The list is to be noted as to the exportation of the samples, the statement referred to in sub-paragraph 6 being retained.

(11) The statement is to be transmitted, with a certificate of exportation of the samples, to the Collector of the port of importation with the object of having an adjustment of accounts effected, where a deposit has been made, or the bond cancelled, as the case may be.

(12) In the case of plate which it may be desired to retain in this country, the samples, with returns list and statement are, within the time allowed, to be produced at some Custom-house in the United Kingdom with a view to the plate being assayed as required by law. The usual procedure is to be followed as if the goods were then being imported for the first time, and on completion of the assaying the deposit is to be returned or the bond cancelled.

The cistern of the Barometer is twenty two feet above the level of the sea, and the receiver of the Rain Gauge is ten feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 21·56 inches, the average due for the same period being 13·38 inches.

MADRAS PORT TRUST.

AUDIT REPORT ON THE ACCOUNTS OF THE PORT TRUST FOR THE YEAR 1914–1915.

Letter—from F. Dumoff Gordon, Esq., Officiating Accountant-General, Madras, and M.R.Ry. R. Sethurama Ayyar Avergal, B.A., Chief Superintendent in charge of Outside Audits, Auditors of the Madras Port Trust Accounts.

To—the Trustees of the Port of Madras.

Dated—the 12th August 1915.

No.—C.A. 16-2099.

We have the honour to report that the Audit of Revenue and Minor Accounts of the Madras Port Trust for the year 1914–15 has been completed.

(a) Comparative statement of Revenue receipts and expenditure.

(b) Statement of Capital, Interest and Debt.

(c) Balance statement of the Trust's Minor accounts.

(d) Comparative statement of receipts and expenditure of the Madras Pilotage Fund accounts.

2. The statements noted on the margin attached to the Board's Administration Report for 1914–15 have been examined and signed by us.

3. The statements showing in detail the transactions of deposits, the Provident Fund, the Disabled Boatmen's Fund and the Biden Sailors' Home Charity Fund are appended, marked A, B, C and D.

4. An account for 1914–15 showing the receipts and disbursements with the opening and closing balances of the Trust's Capital Account is also attached, marked E.

5. During the year under report a sum of Rs. 18,00,000 being the second instalment of the Imperial loan of 50 lakhs sanctioned by Government of India and communicated in G.O. No. 127, Marine, dated 29th March 1913, was drawn and credited to (ii) Loans from Government under VIII Capital, in the Revenue Accounts and this amount was subsequently transferred to the Capital Account in the year. A sum of Rs 1,20,000 was also contributed from the Revenue Funds to the Capital Account in the year.

6. The Revenue Account closed with a balance of Rs. 1,25,000 in Government securities and of Rs. 3,42,430-13-6 in cash on the 31st of March 1915.

7. Expenditure under the head "Engineering and Maintenance" is usually incurred by the Chief Engineer and is subsequently recouped from the Revenue Funds. The expenditure so incurred by him in March 1915 was however recouped only in May 1915 and is therefore not included as in previous years in the actuals of the year under report. The actuals under the head therefore represent only the charges of eleven months. This accounts for the considerable variation from the budget estimate.
